

# TENTATIVE PROGRAM

3rd International Summit on

## *Cancer & Oncology Research*

**Theme:** Breaking Boundaries.  
Defeating Cancer. Defining the  
Future.

### Invitation

The 3rd International Summit on Cancer & Oncology Research aims to bring together researchers, clinicians, and healthcare professionals to share recent advances, discuss emerging trends, and exchange knowledge in cancer and oncology research.

The summit will feature keynote lectures, scientific sessions, and interactive discussions focused on advancing research and clinical outcomes.

**November 09-11, 2026**
