Conference Invitation

MindSpace Conferences is delighted to invite you to attend the "3rd International Conference on Green Energy, Earth & Environmental Science" scheduled to be held in Paris, France from November 09-11, 2026. The conference will focus on the theme of "Innovations in Energy and Environmental Conservation." and will feature quality sessions, case-based presentations, research assessments, and group discussions led by global researchers who are experts in providing practical tips for daily clinical practice and professional growth in the field of Environmental Science & Green Energy. The conference will cover a wide range of advanced research topics in Environmental Science, Green Energy & Plant Science, from basic to advanced, offering valuable insights into the latest advancements in the field. The detailed agenda of the Environmental Science 2026 will include keynote presentations, oral sessions, panel discussions, poster presentations, workshops, symposiums, and a young researchers' forum, providing ample opportunities for learning, knowledge exchange, and networking.

We look forward to welcoming you to this prestigious event and anticipate your valuable contribution to the discussions. Please review the tentative agenda for your reference. Thank you for considering our invitation, and we eagerly await your confirmation of attendance.

Thanks & Best Regards,
Environmental Science 2026
Organizing Committee Members

About Us:

The Mindspace Conferences is one of the most trusted and strategically well-planned global conference organizing body. Mindspace organizes conferences on a wide range of subjects such as science, technology, healthcare, medicine, engineering and business management, where attendees will have a huge opportunity to find new prospects, and a better platform to build stronger relationships with existing scholars and business clients. These Mindspace international meetings will be an open stage to meet experts and influencers where you can learn new tactics and better execution ideas through the guidance of an eminent organizing team. Also, these conferences will provide all-around updated information on new research trends and as well as business updates. Mindspace scientific programs provide specific time slots to both academic and industry personnel to speak about their universities, laboratories, organization, special book release, and about own business opportunities with all the attendees.
