# Invitation

Meet | Inspire | Network | Develop

MindSpace Conferences is delighted to invite you to attend the 2nd International Conference on Surgery and Anesthesia, scheduled to be held in Tokyo, Japan, from August 17–19, 2026. This highly anticipated event will bring together leading surgeons, anesthesiologists, researchers, and healthcare professionals from around the globe under the central theme: “Advancing Surgical Precision and Anesthetic Safety in the Era of Innovation.” The conference aims to foster insightful discussions and present the latest research, cutting-edge technologies, and evolving clinical practices that are shaping the future of surgery and anesthesia. Attendees will benefit from a rich scientific agenda featuring keynote presentations by renowned experts, in-depth oral and poster sessions, practical workshops, interactive symposiums, and focused panel discussions. A special highlight of the event will be the Young Researchers’ Forum, which provides emerging professionals with a platform to showcase their work, receive mentorship, and engage with seasoned experts in the field. This conference not only serves as a platform for academic and clinical excellence but also offers valuable networking opportunities, collaborative prospects, and a chance to gain global perspectives. We encourage you to explore the tentative agenda and be part of this exceptional event that promises to inspire, educate, and connect professionals dedicated to advancing surgical and anesthetic care worldwide. We eagerly await your confirmation and look forward to welcoming you to Tokyo in 2026.

Thanks and Best Regards,
