Conference Invitation

MindSpace Conferences is delighted to invite you to attend the 3rd International Conference on Traditional and Alternative Medicine, taking place from November 09–11, 2026, at the Hampton by Hilton Rome North Fiano Romano, Italy, with both In-Person and Virtual participation.

This prestigious Hybrid event will focus on the inspiring theme: “Bridging Ancient Wisdom and Modern Science for Global Health.” The conference will bring together leading traditional and alternative medicine practitioners, healthcare professionals, researchers, physicians, scientists, academicians, policymakers, industry experts, wellness professionals, associations, societies, universities, and research organizations from around the world. The event aims to provide a global platform for sharing cutting-edge research, traditional healing practices, innovative therapies, scientific advancements, and transformative ideas that contribute to holistic healthcare and improved global health outcomes.

Key Highlights of ICTAM 2026:

The conference will feature inspiring keynote presentations from global experts, high-quality scientific sessions with case-based discussions, interactive workshops and panel dialogues addressing current challenges and future trends, as well as oral and poster presentations offering a platform for researchers to share their work. A dedicated Young Researchers’ Forum will encourage emerging scholars to engage with senior scientists, while exceptional networking opportunities will connect participants with environmental professionals and industry leaders worldwide.

Thanks & Best Regards,
Traditional Medicine **2026**
Organizing Committee Members

Why to Attend?

- Meet worldwide experts and leaders in Traditional and Alternative Medicine
- Expand your networking opportunities with global healthcare professionals, researchers, and practitioners
- Gain greater insight into the latest advancements in traditional, complementary, and alternative medicine
- Stay up to date with cutting-edge research, emerging trends, therapies, and healthcare technologies
- Globalize your institution through international exposure and collaboration
- Discover innovative approaches and technologies transforming traditional and alternative healthcare
- Let your voice be heard by presenting your ideas, research, practices, and clinical insights
- Learn new tips, techniques, and practical approaches from experienced healthcare and industry specialists
- Explore knowledge beyond your current field and discover new perspectives in holistic and integrative healthcare
- Grow your professional network with researchers, academics, physicians, practitioners, and industry peers
- Advance your career by engaging with emerging innovations in traditional and alternative medicine
- Learn essential skills and stay current with evolving global healthcare standards and practices
- Position yourself as an expert in your field through active participation, knowledge sharing, and contribution

Who Can Join!

- Traditional & Alternative Medicine Practitioners
- Ayurvedic, Naturopathic & Herbal Medicine Experts
- Complementary & Integrative Medicine Professionals
- Traditional Medicine Researchers & Scientists
- Medical Doctors, Physicians & Healthcare Professionals
- Pharmacologists, Ethnobotanists & Herbal Researchers
- Acupuncturists, Homeopathy & Holistic Health Practitioners
- University Professors, Academic Scholars & Students
- Research Organizations & Traditional Medicine Institutes
- Healthcare Policymakers & Government Representatives
- Integrative Healthcare Consultants & Industry Leaders
- Traditional & Alternative Medicine Associations & Societies
- Pharmaceutical, Herbal & Natural Health Product Professionals
- Wellness, Nutrition & Preventive Healthcare Experts
- Healthcare NGOs & Community Health Organizations
- Industry Innovators, Entrepreneurs & Start-ups in Alternative Medicine
- Traditional Medicine Service Providers & Healthcare Centers
- Corporate Wellness Managers & Healthcare Business Leaders
- Clinical Research & Evidence-Based Medicine Specialists
- Medical Technology & Healthcare Innovation Professionals

Key Benefits of Joining the Conference

1. Certificate of Participation recognizing your contribution and presence in the field of Traditional and Alternative Medicine
2. Networking Lounge to connect with global practitioners, researchers, healthcare professionals, and industry leaders
3. Eligibility for Young Researcher Awards & Best Presentation Awards
4. Opportunity to Showcase Research through oral or poster presentations on traditional, complementary, and alternative medicine
5. International Exposure for Your Institution through participation on a global healthcare platform
6. One-on-One Networking Meetings with experts, researchers, practitioners, and potential collaborators
7. Access to Conference Materials including abstracts, presentations, research resources, and educational materials
8. Discounts for Group Registrations or Returning Participants
9. Participation in Panel Discussions and Expert Q&A Sessions focused on emerging trends and innovations in traditional and alternative medicine
10. Opportunity to Feature in Conference Media & Promotion and showcase your expertise to a global audience
11. Conference Photos and Videos shared at no extra cost to capture and promote your participation

Conferences Sessions

Day 1

Session 1: Traditional Medicine
Session 2: Complementary and Alternative Medicine
Session 3: Herbal Medicine
Session 4: Traditional Chinese Medicine
Session 5: Ayurveda & Physiotherapy
Session 6: Pharmacognosy and Phytochemistry of Medicinal Plants
Session 7: Integrative Medicine and Health
Session 8: Acupuncture
Session 9: Folk & Indigenous Medicine
Session 10: Yoga & Mindfulness

Day 2

Session 11: Homeopathy & Holistic Medicine
Session 12: Mind-Body & Energy Medicine
Session 13: Chiropractic Medicine
Session 14: Aromatherapy
Session 15: Traditional Medicine in Modern Healthcare
Session 16: Alternative Medicine Modalities
Session 17: Reiki & Tai-Chi Medicine
Session 18: Unani Medicine
Session 19: Aromatic & Organic Medicine
Session 20: Naturopathic Medicine

Day 3

Session 21: Natural Therapists
Session 22: Massage, Cupping & Dietary Therapy
Session 23: Shamanism & Reflexology
Session 24: Hypnotherapy
Session 25: Osteopathy & Magnetic Therapy
Session 26: Ethnomedicine
Session 27: Traditional Korean Medicine
Session 28: Siddha & Tibetan Medicine
Session 29: Traditional Healing
Session 30: Shiatsu Therapy

About Rome, Italy

Rome, Italy—celebrated worldwide for its timeless history, iconic architecture, and artistic legacy—has rapidly evolved into a dynamic center of innovation, scientific research, and digital transformation. Blending ancient grandeur with a growing ecosystem of technology, AI development, and modern entrepreneurship, the city offers an inspiring environment where heritage and cutting-edge progress coexist. This unique fusion makes Rome an exceptional global destination for visionary thinkers, researchers, and innovators to exchange ideas, shape the future, and explore transformative advancements. Renowned research institutions, vibrant tech hubs, and a thriving startup culture are accelerating Rome's emergence as a European powerhouse for AI-driven innovation. The city's unmatched blend of tradition and technology creates a fertile ground for pioneering discoveries. With its rich cultural backdrop and forward-looking spirit, Rome stands as the perfect setting for global collaboration and breakthrough scientific dialogue.

Hybrid Conference 2024

The **1st International Conference on Traditional and Alternative Medicine** was successfully conducted on **August 12–13, 2024**, at the **Hilton Garden Inn Milan Malpensa in Milan**. This landmark gathering united prominent researchers, healthcare experts, and practitioners from across the globe to explore and exchange perspectives on recent progress in traditional and alternative medicine. The program offered a comprehensive agenda featuring keynote lectures, panel discussions, and technical sessions addressing diverse subjects such as herbal medicine, acupuncture, integrative therapies, and holistic healthcare approaches. Distinguished speakers delivered insightful keynote presentations, highlighting emerging trends and the evolving role of traditional and alternative medicine within contemporary healthcare systems. Attendees benefited from valuable networking opportunities, fostering meaningful discussions and potential partnerships among professionals with shared interests. The conference also included an exhibition space where organizations presented innovative products, therapeutic solutions, and advancements in the field of traditional and alternative medicine. Overall, the inaugural conference achieved remarkable success by encouraging scholarly exchange and stimulating continued innovation. The enthusiastic feedback from participants reflected the event's impact in strengthening research efforts and supporting the broader integration of alternative medicine into mainstream healthcare.

Virtual Conference 2026

The **2nd International Conference on Traditional and Alternative Medicine** was successfully held virtually on **July 13, 2026**, bringing together prominent researchers, healthcare professionals, practitioners, academicians, and experts from across the globe to explore and exchange perspectives on the latest developments in traditional and alternative medicine. The virtual conference featured a comprehensive scientific program comprising keynote presentations, expert talks, panel discussions, and interactive technical sessions covering diverse areas such as herbal medicine, acupuncture, homeopathy, integrative therapies, natural medicine, and holistic healthcare approaches. Distinguished speakers shared valuable insights into emerging trends, innovative practices, and the evolving role of traditional and alternative medicine in contemporary healthcare. Participants had the opportunity to engage in meaningful discussions, exchange knowledge, and connect with professionals from different countries and disciplines through the virtual platform. The conference also provided a valuable platform for researchers and practitioners to present their latest research findings, clinical experiences, innovative approaches, and perspectives in traditional and alternative medicine. Interactive sessions encouraged collaboration, knowledge sharing, and the development of potential international partnerships. Overall, the 2nd International Conference on Traditional and Alternative Medicine was a remarkable success, promoting global scientific exchange and encouraging continued research and innovation in the field. The enthusiastic participation and positive feedback from attendees reflected the conference's impact in advancing awareness, collaboration, and the integration of traditional and alternative medicine into modern healthcare practices.
